

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	1 This year, make " Rescued " your favorite breed! (You're their only chance for a home)	2 Make a New Year's resolution to be kind to animals and teach others the same!	3 When you adopt a "mutt" you have a unique dog that no one else has - a " Designer " Dog!	4 Pets should never be outside when it's really cold. Be sure your pets are protected from cold. What can you do to accomplish this?	5 Each snowflake is different. But when they stick together, they can become a snowman. Each person is different too, but we can do great things when we stick together!	6 If you see an animal suffering, call your local animal shelter. You CAN help! Look up your local number now so you'll be ready!
7 Don't throw away your real (live) Christmas tree. If everyone did that, there wouldn't be room for anything more! Recycle it!	8 Plan what you can do to help the animals this year.	9 Remind yourself to feed the birds on a daily basis, until spring and their natural food appears! What kind of birds appear at your feeders?	10 If you're cold, then so are your animals. Be sure they are warm enough.	11 Cat's DON'T need to go outside to be happy. see hsus.org for more info.	12 "Think occasionally of the suffering of which you spare yourself the sight." -Albert Schweitzer	13 Today's challenge: A corn, B ird, C at. Think of a nature object that begins with each letter of the alphabet. How many can you think of?
14 HAPPY BIRTHDAY Albert Schweitzer! He tried to make life better for all living things. In his honor, try to help an animal in some way every day this year!	15 Martin Luther King Day Dr. King wished for a peaceful world - for all!!	16 Help your parents check for antifreeze spills. Pets love the taste, but antifreeze can be deadly. Clean up spills right away!	17 Happy Birthday Ben Franklin! Not many people accomplish as much as he did in his lifetime. But we can try!	18 "All I had, you see, was love, I wish they would explain, why they said they wanted me, then left me on a chain." It's NEVER right to chain a dog!	19 When pets get lost, shelters can't help much if your pet has no form of ID. Help your pet get home - make them wear an ID tag and have them microchipped.	20 NATIONAL PENGUIN AWARENESS DAY Learn more about these little creatures and pledge to protect their endangered existence.
21 Don't throw or put food on the side of the road. Animals will come up to eat and might get hit by a car.	22 Remember to feed the birds. They're depending on you to help them through the winter.	23 Our world isn't just for people. Many creatures share our planet. Take care of yourself and the animals. Keep our planet clean.	24 "Three dog night" originated with the Eskimos and means it's so cold, the only way to stay warm is to sleep with 3 dogs in your bed! How cool is that?!	25 Check your dog's paws after a walk. Salt, sand or chemicals imbedded in the paws may cause burns to paws or mouth as they lick their paws.	26 Today is Australia Day. Name two of Australia's most famous animals (hint: they both begin with "k") <i>Kangaroo & Koala</i>	27 Did you ever notice how curious cats are? They want to investigate everything. Be sure your home is safe for your cat(s) to explore.
28 Adopt a Shelter Pet & Save a life!	29 Ever notice that petting an animal can be relaxing? If you haven't already noticed, try it soon! purrrr...	30 What time does a duck wake up? At the quack of dawn!	31 There are too many pets and not enough good homes. Spay or Neuter your pets!
