More pets go missing around the 4th of July than any other time of the year!

Don't let your pet be one of them.

1 Animals don't like fireworks as much as we do! Keep your pets at home and safe.

2 It's your responsibility to make sure your pets are ready for the 4th. They should be microchipped and wearing ID tags.

3 Your pet is trusting you to keep them safe from firecrackers and loud noises. Many animals get scared and run from the noises.

4 **INDEPENDENCE DAY**

5 Fireworks are probably not done yet. Keep your pet safely indoors!

6 Puppy Schmuppy! Adult dogs have **MORE** love to give!

7 Dogs can't add, Cats can't subtract. But they sure can multiply!! Spay or neuter your pets!!

8 Many pets are lost over the 4th of July. Animal shelters are very busy taking care of these pets now. How can you help?

9 Make sure your pets take heartworm preventative medicine. Heartworm disease is spread by mosquitos.

10 Be sure that outdoor pet water dishes are in the shade.

11 Start a dog walking service in your neighborhood. You can help your neighbors and their pets at the same time.

12 When you adopt a "mutt" you have a unique dog that no one else has - a "Designer" Dog!

13 Fleas bug pets! Be sure to keep your pet clean and pest-free!

14 Don't forget to keep your pet cool this summer!

15 Remember, even though it's a picnic, it's a lot more earth friendly to use real plates, not paper plates (too much waste!)

16 When you're ready for a pet, visit an animal shelter. There's someone there that really needs you!

17 Our world isn't just for people. Many creatures share our planet. Take care of yourself and animals. Keep our planet clean.

18 Lots of great pets end up in shelters. **Adopt from a shelter. Save a Life!**

19 Don't you hate being cooped up in bad weather? That must be how wild animals feel when they're caged.

20 **Let wild animals stay free!**

21 The sun is hot on your pets too! Make sure they are cool this summer. Bring them inside!

22 How do turtles talk to each other?
By using shell phones!

23 Never chain a dog... **Unleash the Love!**

24 If it's 70 or over, don't take Rover! Leave them home where they're safe from the heat!

25 Bats are not really spooky. They help us by eating lots of mosquitos. Be a bat buddy, put up a bat house.

26 Feral cats need your help. Food, water, spay/neuter! For more info go to hsus.org

27 A chained dog sits watching the door hoping someone will come play. No one ever does. He is so lonely. See how you can help: www.unchainyourdog.org

28 When pets get lost, shelters can't help if your pet has no form of ID. Help your pet get home - make them wear an ID tag and have them microchipped.

29 Pets are not for everyone. They require lots of time, love and hard work. Sometimes being kind means NOT owning a pet.
