

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
			1 On This Day... The first National Park (Yellowstone) was created by an act of Congress in 1872. What can YOU do to help the parks and the animals that live there?	2 Happy Birthday Dr. Seuss! "You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose." 	3 "Old age means realizing you will never own all the dogs you wanted to." -Joe Gores 	4 Be your pet's best friend and protector. They're counting on You! 
5 We all learn from our mistakes. Dogs and cats make mistakes too. When that happens, don't get mad. Just say NO! Give them plenty of praise for good behavior.	6 Don't let pets roam free. They face many dangers in the outdoors. Always keep cats indoors and dogs on a leash. 	7 Adopting from a shelter WILL save a life! Everyone gets Lucky! 	8 Every day thousands of dogs & cats are born for whom no homes exist. Do YOUR part - Spay or neuter your pets!	9 Did you know... The average life of an outdoor cat is 1-3 yrs, due to dangers like traffic and disease. With care, indoor cats can live 15-18 years! 	10 This is a good weekend to do some pet care maintenance. Clean your pet's bed, house, cage or aquarium. No pet? Ask a neighbor if you can help out!	11 Are you an RPO-Responsible Pet Owner? What are some of the things you need to do to be an RPO? 
12  Daylight Saving Time Begins <i>(spring forward 1 hour)</i>	13  Don't depend on Luck to find your lost pet. Make sure they have a microchip and ID tag.	14 Did you Know: A 15 year old cat has probably spent 10 years of his life sleeping! 	15 Adopt a black cat and change her LUCK forever!! 	16  Nature is getting ready to bring on spring. Don't miss it. Be a wildlife watcher. Remember the three L's: Look, Learn and Leave them alone.	17  Make it your lucky day - and help it to be a lucky day for an animal you know. 	18 Don't touch that TV remote! Now that spring is here, go outside and enjoy the real world. Nature's calling! 
19 Where did YOUR dog come from? If it came from a "pet shop", did you ask where THEY bought it? Ask questions! Don't support the puppy mill industry!	20 First day of Spring! This is a time for new beginnings. Make some new friends - both human and animal! 	21  Yawn! Animals are coming out of hibernation and are ready to raise families. Animal babies are cute, but always watch from a distance.	22 Instead of using another piece of paper, turn one over. Use both sides of your paper whenever you can. Save a tree! 	23 Talking to animals is never a one-way conversation, not if you listen carefully! 	24 Don't forget: Your pet is depending on YOU for a lifetime forever home! 	25 Don't forget to cut the plastic rings on six-pack holders. Animals can be seriously hurt. They'll thank you for caring! 
26 Be sure pets stay out of the wastebaskets. There are dangerous things in there. Take your garbage out right away.	27  It's Important!	28 "Punish the deed, not the breed." An entire breed of dogs can't be bad. Problems are usually caused by the dog owner's training or LACK of training the pet.	29 Be prepared for animal emergencies. Keep a list of phone numbers: vet, poison control, animal shelters, etc. in your phone. 	30 Chaining a dog is NOT a sign of a person who cares for his/her pet! 	31  Remember the birds! They count on us for food and water during the winter!
