If you LOSE a pet:

1) CHECK the websites on the opposite side.

2) LOOK around your neighborhood. Ask people if they have seen your pet.

3) GO TO all animal shelters in your area **in person at least every 3 days**. Keep trying. Your pet may wander (or be kept by someone) for a while before being turned in.

4) PLACE signs (enclosed in clear sleeves) in your neighborhood, shopping centers, vet offices, pet stores and grooming parlors. Using a picture of your pet will attract attention. Adding the word "REWARD" to the signs may speed your pet's return.

5) PUT NOTICES on the websites (on the opposite side). Keep in mind a week of wandering can turn a fluffy white poodle into a "gray mutt".
