of the Humane Society of Missouri

**Tails** is published quarterly by the  
Humane Society of Missouri.

**Mission:** Since 1870, the Humane Society of Missouri has been dedicated to second chances. We provide a safe and caring haven to all animals in need—large and small—that have been abused, neglected or abandoned. Our mission is to end the cycle of abuse and pet overpopulation through our rescue and investigation efforts, spay/neuter programs and educational classes. We are committed to creating lasting relationships between people and animals through our adoption programs and our shelter pet training program. We further support that bond by making available world-class veterinary care.

The Humane Society of Missouri is an independent, non-profit organization not affiliated with any national animal welfare organizations. We do not receive tax support or United Way funding. We rely on the generosity of individuals, corporations, foundations and fees for services.

Mary Otto and her new best friend, Lucy

## She Loves Lucy, for the Second Time

After Mary Otto’s dog Lucy died, she was browsing the Humane Society website with the idea of getting another dog. And there she was: a dog that reminded Otto of Lucy...and her name was also Lucy.

Otto high-tailed it to the Adoption Center and learned that the Lucy had arrived less than 24 hours before. A family with kids and two dogs was “downsizing.” The phrase stuck in Otto’s mind as a perplexing reason to give up a pet.

Otto rated Lucy a ten on cuteness and friendliness and took her home. Her veterinarian examined Lucy and declared her to be a good dog that just needed attention. “I told my vet that I couldn’t understand why someone would give her up. My vet replied, ‘Oh, you’ll find out.’ It still makes me laugh.”

“Right away, she was horrid about barking and pulling on the leash,” said Otto, who was up to the challenge of improving both.

Lucy had plusses, too. “She did not get on furniture or beg people for food. Unfortunately, my roommate ruined that good behavior right away.”

With coaxing and training the barking decreased. And, since Lucy now goes on long hikes, she’s learning that the leash means good things worth her good behavior.

*A wide variety of adoptable animals can be viewed anytime at [www.hsmo.org](http://www.hsmo.org). Pet descriptions often include a current photo and, sometimes, a video. HSMO receives animals every day and makes them available for adoption as soon as possible. The website is updated hourly. Check regularly to find the pet that may soon become your next best friend.*

## Overwhelmed Shelter Sends Out S.O.S.

**Texas County, December 19**

Diana's Grove Dog Rescue near Cabool, Mo. in Texas County sent an urgent plea to the Humane Society of Missouri. A temporary funding crisis brought the organization to the brink. They were within a few days of not being able to pay staff or buy food for the animals.

On December 19, 2016, the HSMO Animal Cruelty Task Force (ACT) rescued 132 small-to-medium-sized dogs of various breeds. Several animals suffered from health issues including Tex, whose injured eye needed surgery. Tex and 20 other dogs also were infected with heartworms. Foster parents worked with the Humane Society to implement the months-long treatment for heartworm recovery.

"Properly caring for large numbers of homeless animals is always challenging," said Debbie Hill, HSMO's vice president of Operations. "We are glad we can be there to help out when animals, and people, need us."

*Tex from Diana's Grove Dog Rescue*

## Malnourished Dogs Suffering in Horrific Conditions **Benton County, January 5**

*Brioche, Day of Rescue*

**Filthy, overcrowded living conditions. Matted fur. Infected skin. Starvation.**

An animal hoarder was keeping 31 Shih Tzus and toy breed dogs in filthy, overcrowded conditions. Their matted fur not only harbored infection but restricted movement and caused painful sores. Worst of all, they were starving to death.

A concerned citizen called the Sheriff's Office in Benton County and on January 5, HSMO's Animal Cruelty Task Force and a veterinarian investigated.

They found the bodies of nine dogs that had already succumbed. The 31 survivors were brought to safety.

Once suffering in an overcrowded, filthy environment with feces embedded in their fur, immediately they began recovering in clean kennels with nutritious food, clean water and comfy bedding. The dogs received medical care and were scheduled for surgery when necessary. As soon as they recovered, they were made available for adoption to begin happy lives.

The Humane Society of Missouri Animal Cruelty Task Force recommended to the Benton County Prosecutor that animal abuse charges be filed against the animals' owner.

*Brioche and 30 other small dogs were rescued from filthy, crowded living conditions from a home in Benton County in west central Missouri. The long-haired dogs were horribly matted with skin, ear and eye infections and internal and external parasites.*

## HSMO Helps Pets During Georgia's Hurricane Matthew

### Atlanta Georgia, October

The team of Humane Society Animal Cruelty Investigators wears another hat: rescuing and sheltering pets during disasters. In October 2016, an eight-member team responded to a plea from the Atlanta Humane Society as it braced itself for Hurricane Matthew.

The Disaster Response Team went prepared for large-scale rescue including post-storm field work and swift water rescue, bringing specialized vehicles and a rescue boat.

During its week-long stay, the team was put in charge of sheltering pets when owners had to evacuate without their dear companions. A few days later, a tired and grubby HSMO team was rewarded by the sight of happy animals rejoined with equally happy people.

After stops at animal shelters in Augusta and Atlanta, the team headed back to St. Louis. To relieve overcrowding in those shelters, partly due to the storm, the team returned with 32 Georgia dogs looking for second chances.

"We are very proud we can respond quickly and competently to help keep animals safe during disasters," said Mike Perkins, director of HSMO's Animal Cruelty Task Force.

*Your contributions enable the Animal Cruelty Task Force to be there for the animals. Send donations to Development Office, Humane Society of Missouri, 1201 Macklind Ave., St. Louis, MO 63110. Donate safely online at [hsmo.org/donate/](https://hsmo.org/donate/).*

### Hurricane Matthew As Matchmaker

A Weather Channel producer tracking Hurricane Matthew found her new dog on television. The English Bull Terrier was among the 32 dogs brought to St. Louis from two overcrowded shelters in Georgia.

"Our news desk contacted HSMO for footage of the rescue pups, and there she was," said Niki Budnick, whose family already has a Bull Terrier named Apollo. "I couldn't help myself once I saw the video." Two weeks later she was driving to St. Louis to bring Frances (Frankie) to her forever home. Ironically, the dog returned to Georgia.

Thus far, Frankie has starred on Facebook Live with Budnick to share her story on the air. The segment is posted on The Weather Channel's Facebook page (search Frankie). Keep up with Frankie and Apollo on their Instagram page @apolloandfrances.

# Best Buddy Pet Center Takes **Animal Welfare** to New Heights

**Transformational design showcases  
innovative pet shelter and veterinary center**

During the November 2013 groundbreaking for the Humane Society of Missouri's Best Buddy Pet Center and Animal Medical Center of Mid-America, HSMO President Kathy Warnick predicted, "This is the beginning of a new era for animal welfare in St. Louis and the Bi-State area. Never before has an animal welfare organization had the kind of prominence and presence this new Best Buddy Pet Center will have."

## That vision has now become a spectacular reality...

- a multi-level facility complete with a people-friendly Adoption Center,
- state-of-the-art animal rescue and rehabilitation programs and facilities,
- our world-class Animal Medical Center of Mid-America,
- a classroom and interactive exhibits for humane education programs for children and adults and,
- seminar, training and meeting areas for staff and the community.

The new Best Buddy Pet Center illustrates how far the cause of animal welfare has come and the heights to which it will soar in the future. More people than ever will come to know that all animals deserve respect and humane treatment. More people than ever will come first to shelters to adopt their next best furry friend. More people than ever will have affordable access to the absolute best in veterinary care.

Most importantly, Best Buddy Pet Center will give second chances to thousands more abused, neglected and abandoned pets uniting them with the people who will give them loving forever homes.

## Generous Donors and Volunteers are the Building's Foundation

Much vision, discussion, planning and attention to detail go into a project as huge as HSMO's new Best Buddy Center. However, without the generosity of thousands of individual, corporate and foundation donors to HSMO's New Horizons Campaign to build the Center, the vision never would have become reality.

"We owe a huge debt of gratitude to the commitment and support of HSMO's Board of Directors; the New Horizons Campaign Committee, led by Pam Nicholson, Ted Levis and Frank Steeves; and to the expertise and dedication of our volunteer Project Manager George Tomazi," said Kathy Warnick, president of the Humane Society of Missouri. "Despite the maxim that 'no one is irreplaceable,' this project would not have happened without the thousands of hours they all devoted to it."

More than \$16 million was donated to the New Horizons Campaign making it the largest capital fundraising effort in HSMO's history. Warnick commented, "It is very heartening that our campaign donors shared the vision of transforming animal welfare in St. Louis and Missouri to benefit so many more animals and the people who love and care for them. Their support meant that no operating funds for our ongoing animal rescue, rehabilitation, adoption and education programs were used for this project."

### George Tomazi

Long-time HSMO Board member George Tomazi has spent countless hours over the years providing his invaluable expertise as volunteer project manager for many HSMO building projects including HSMO's new Best Buddy Pet Center in Maryland Heights, HSMO's Headquarters on Macklind Avenue, Longmeadow Rescue Ranch, the Kuehner Center in

Chesterfield Valley, and improvements to the Westport Area Center. We are forever indebted to him!

### HSMO Auxiliary

Volunteer, former board member and founder of the HSMO Auxiliary Dorie Wilner and her husband Bert spent half a century fund raising for HSMO, especially for the "Branch" as our Westport Area Center was fondly called. "We lost a dear friend when Dorie died last year," said HSMO President Kathy Warnick. "It was her fondest wish that we build this new center. We are very sad she's not here for our celebration, but know her spirit lives on in every animal we help." We commend Dorie and her fellow HSMO Auxiliary members for their long-time dedication to our cause and recognize the significant difference they have made toward advancing animal welfare in St. Louis.

# Building the Building

Architects KDG, Inc. and Construction Manager Holland Construction and a slew of subcontractors diligently worked through downpours, snow storms, cold and very hot weather (and some nice days, too!) to keep as close to the schedule as possible.

OCT  
2015

With land cleared in September, excavation begins in earnest in October.

JUN  
2016

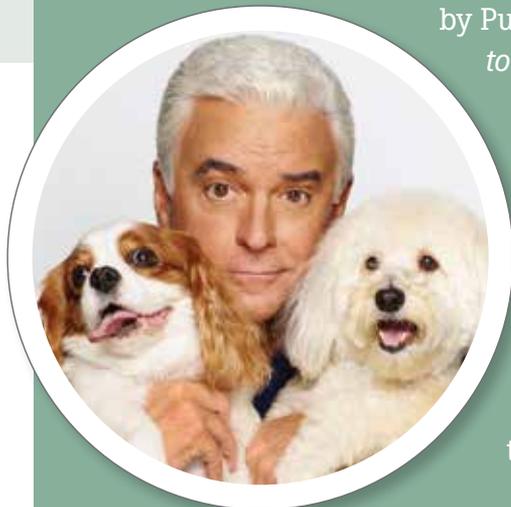

The building's impressive structure begins to emerge.

AUG  
2016

The Adoption Center atrium takes shape previewing the awesome space to come.

## John O'Hurley Hosts Grand Opening

Actor, author, TV host and dancer, John O'Hurley served as the master of ceremonies during Grand Opening festivities for the Humane Society of Missouri's Best Buddy Pet Center and Animal Medical Center of Mid-America. He is the host of NBC's annual National Dog Show presented by Purina. A devoted animal lover, O'Hurley is the author of *It's Okay to Miss the Bed on the First Jump*; *Before Your Dog Can Eat Your Homework*, *First You Have to Do It*, and *The Perfect Dog*. He played J. Peterman on the hit sitcom, *Seinfeld* and was runner-up on the first season of *Dancing with the Stars*.

Grand Opening activities included a dedication and ribbon cutting led by HSMO Chairman of the Board Pamela Nicholson and HSMO President Kathryn Warnick and an evening cocktail reception thanking donors to the New Horizons Capital Campaign which funded acquisition of the property and construction of the new facility.

FEB  
2016

*Neither snow nor cold weather could prevent work from continuing.*

MAR  
2016

*By March 2016 walls were emerging from the lower level as steel beams were maneuvered in place.*

SEP  
2016

*The stunning architecture of the Adoption Center entrance welcomes visitors to a unique shelter environment.*

OCT  
2016

*The entrance to the Animal Medical Center of Mid-America leads clients to the very best in veterinary care.*

DEC  
2016

*Unseasonable weather allowed for landscaping framed by multi-color exterior wall panels giving the building its eye-catching façade.*

JAN  
2017

*Banks of windows and a pyramid skylight provide lots of natural light in adoption and veterinary areas.*

**Thank you to all  
our generous donors and volunteers  
for making this happen!**

The 24th annual Bark in the Park will be held Saturday, May 20 at Cricket Field in Forest Park! Presented by Purina, Bark in the Park is a 5K Run, One-Mile Walk and Pet Festival benefitting the HSMO Animal Cruelty Fund.

Register as a “Pack” and raise dollars by asking friends, family and co-workers to sponsor you and help you achieve your fundraising goal. Then on May 20, gather your Pack and come to Cricket Field in Forest Park to run, walk or just enjoy the festivities at the Midwest’s largest pet festival, with more than 5,000 people and their dogs in attendance each year!

Dollars raised through Bark in the Park provide second chances to animals that have suffered severe abuse and/or neglect. Sometimes living in deplorable conditions with no access to food, water or shelter, these animals are rescued by the Animal Cruelty Task Force and brought to the Humane Society for treatment, rehabilitation, socialization and finally adoption into “fur”ever homes.

## Saturday, May 20 8am-1pm

5K Run at 9 a.m.

One-Mile Walk at 10 a.m.

Cricket Field, Forest Park

Register online at

[www.hsomo.org/bark](http://www.hsomo.org/bark)

Early Registration: \$35 thru April 30

May 1-May 20: \$40

Kids 12 and under are free

Registration fee includes participation in the 5K Run and/or One-Mile Walk, official Bark in the Park t-shirt, swag bag and all festival activities.

## Dental Health: Early Prevention is Key

*Eighty-five percent of dogs and cats have dental disease by the time they are three years old. And just because your pet's teeth look okay, doesn't mean there aren't problems lurking under the gum line.*

At the Animal Medical Center of Mid-America, dental health is taken very seriously—and for good reason. Did you know that dental disease can affect more than just your pet's mouth? It could lead to other serious health problems like lung, heart, and kidney disease. By the time your pet is just three years old, he or she will probably start to show signs of dental disease, so early prevention is key.

AMCMA and the American Animal Hospital Association (AAHA) recommend that dental cleanings under general anesthesia should take place every year once your cat or small breed dog is one year old and every year for large breed dogs when they are two years of age.

You may wonder why full anesthesia is used for dental cleanings, and you may have even heard of anesthesia-free dental cleanings. Anesthesia, which is recommended by AMCMA and AAHA, allows veterinarians and technicians to effectively remove tartar and to clean below the gum line, where periodontal disease begins. Without anesthesia, pets must be restrained and incur greater stress and pain than those who are sedated.

What can you expect with a dental procedure at AMCMA? First, you will set up an appointment for a dental consultation or the veterinarian will discuss recommendations during your pet's annual check-up. This will determine the extent of the periodontal disease, if any, and your pet's "dental grade." Blood work may be recommended to rule out any other underlying medical conditions prior to going under anesthesia.

Once the veterinarian determines the dental grade and what type of cleaning your pet needs, you can schedule an appointment at one of our three convenient locations. Your veterinarian may recommend dental X-rays in our office to detect what can't be seen through the examination or to determine if tooth extractions are necessary.

During the procedure, while your pet is under anesthesia, his heart rate and respiration will be continually monitored, and he will be placed on a heating pad to maintain his body temperature. His teeth will be scaled with an ultrasonic instrument to remove calculus and plaque, and then they will be polished with a special paste that smooths out scratches to the tooth enamel. Fluoride treatment and/or a barrier sealant will help make the teeth stronger and will discourage development of more plaque.

### **Appointments: 314-951-1534**

**St. Louis City:** 1201 Macklind Ave. 63110

**Westport Area:** 11660 Administration Dr. 63146

**Chesterfield Valley:** 17357 Edison Ave. 63005

*The AMCMA operates three nationally accredited veterinary practices in the St. Louis area. Proceeds benefit thousands of abused, neglected animals helped by the Humane Society of Missouri.*

## Kids for Critters Camp

Cool off this summer at the Humane Society of Missouri camps! We'll make a splash with games, scavenger hunts, surgery observation, speakers, animal interactions and more; dog training, cat enrichment and countless pets to adore. Dive into service learning projects with other animal-loving kids who want to make a pawstitive impact for animals too! All camps include hands-on animal interactions and engaging, animal-related activities!

This is a great way to earn service hours for school or church, all while having fun and helping a great cause!

Register online now at  
[www.hsmo.org](http://www.hsmo.org)  
Early-bird discounts apply  
and camps fill quickly!

he said

Hey, you should really go to Kids for Critters Camp. You get to train shelter dogs, read to them, and help rescue dogs. It is very, very fun.

Atticus Arbetter, 8 yrs old

check out what our campers had to say about Kids for Critters Camp last summer!

she said

I loved training the dogs and playing with the kittens! You should totally go; it helps you understand dogs better.

Emma Margraf, 9 yrs old

“she said

The most important thing I learned at camp was how to be gentle with animals and how to care for them. We got to play with the bunnies and hold birds in our hands!

Campbell Schroyer, 9 yrs old

”

“she said

Kids for Critters Camp inspired me to volunteer with dogs. I also want to be a vet!

Jane Patterson, 12 yrs old

”

Are you a teen age 15 to 18 who enjoys spending time with children and is passionate about helping animals? Apply to be a summer camp counselor!

## Horses, Mules Rescued from Severe Neglect

In mid-October, the Humane Society of Missouri Animal Cruelty Task Force (ACT) in cooperation the Sullivan County Sheriff's Office rescued five severely malnourished horses and three mules from a property outside of Milan, Mo. One of the horses also suffered from a deep, infected shoulder wound.

The animals were living on one acre of barren land with no food and only filthy water available when ACT investigators visited the property in the summer. ACT tried to no avail to work with the owner to improve conditions for the animals. Subsequently, the sheriff obtained a warrant for their removal and the animals were taken to Longmeadow Rescue Ranch.

With proper veterinary care and nutrition, just four months later, one mule and two of the horses have fully recovered and been adopted; the remaining equine are in training and will soon be available for adoption.

"Allowing animals to slowly starve to death is the very definition of cruelty," said Kathy Warnick, president of the Humane Society of Missouri and Longmeadow Rescue Ranch. "We are recommending prosecution to the fullest extent of the law and are gratified we can give these animals the second chances they so desperately deserve."

## Ladies and Gentlemen, Please Welcome Sonny & Cher

The Barn Buddy bunch has added two stars: rooster Sonny and hen Cher. When Sonny was purchased by a family, they were told he was female but his first "cock-a-doodle-do" disproved the claim. Where they live, they can't have roosters so he joined the ranch. Cher was purchased as a chick around Easter and, as is so often the case, the owner couldn't provide long-term care. Don't worry—we got you, babes.

*Barn Buddy sponsorships make great Mother's Day, grandparent, birthday and holiday gifts. And, your sponsorship helps support the rescued animals at Longmeadow Rescue Ranch. To sponsor rescued Barn Buddies like Sonny and Cher, call (314) 951-1542 or visit [longmeadowrescueranch.org](http://longmeadowrescueranch.org). To meet Sonny and Cher, you can visit Longmeadow Rescue Ranch any Friday noon to 3 p.m. or Saturday 11 a.m. to 3 p.m.*

# Tributes & Memorials

*This list contains tribute gifts of \$50.00 or more made by companies and individuals between August 1 and December 31, 2016 in honor or in memory of a special person or pet.*

The Humane Society of Missouri's

# Rescued Pet Trauma Fund

Going the extra mile for sick and injured animals so they, too, can have a second chance at a loving forever home.

- Major surgery, x-rays, fracture repair
- Dental care & tooth extractions
- Heartworm treatment
- Bandages, antibiotics & other medication

Donate at [www.hsmo.org/traumafund](http://www.hsmo.org/traumafund)

## 70 DEGREES AND OVER DON'T TAKE ROVER!

### A Hot Day Can Be Deadly To A Pet Left In A Parked Car.

When the temperature outside is above 70 degrees, a parked car quickly becomes unbearably hot inside within minutes, even with the windows left slightly open.

- In just 10 minutes, the temperature inside your car can reach 102 degrees or hotter.
- In just 30 minutes, the temperature inside your car can reach 120 degrees or hotter.

**At 110 degrees, your pet may have just minutes to live!**

Your pet will suffer heatstroke, leading to collapse, brain damage and an agonizing death!

### If Your Pet Is Overheated, Take Emergency Action!

Immediately, put your pet into cold water or give a cold-water rubdown to lower body temperature. Take your pet to a veterinarian for a thorough examination.

**If you see an animal in distress or locked in a parked car, please call your local police and the Animal Cruelty Hotline :**
