

Furry Facts

In 2023...

the Humane Society of Missouri (HSMO) saw:

- Increased costs for rescue efforts due to soaring prices for fuel, medications and equipment.
- Our veterinary clinic, AMCMA, turned 100, providing a *Century of Service* to animals in the region.
- Animals needing rescue and rehabilitation remained high, with our ACT team responding to thousands of calls and rescuing over 200 dogs in October alone.

HSMO is the largest animal welfare organization in Missouri, and one of the largest in the country, including:

- Two open admission pet shelters in St. Louis City and Maryland Heights
- Longmeadow Rescue Ranch in Union, Missouri for rescued horses and farm animals
- Two nationally accredited veterinary medical centers called our Animal Medical Centers of Mid-America (AMCMA), both open to the public

HSMO relies on donations from generous individuals, corporations and foundations, and fees for services to provide second chances to animals-in-need. Private donations are vital to our mission, as we do not receive funding from national animal welfare organizations, tax dollars or the United Way.

Longmeadow Rescue Ranch

This 165-acre ranch in Union, Missouri is one of the largest rescue, rehabilitation and adoption facilities in the U.S. for horses and farm animals. Longmeadow is a safe haven for abused and neglected horses and farm animals.

Animal Cruelty Task Force

On call 24/7/365, the ACT responds to reports of animal abuse, neglect, illness and injury in all 114 counties in Missouri.

Animal Disaster Response Team

For more than 50 years, HSMO has operated one of the largest animal rescue teams in the U.S. In times of need, the team provides animal rescue, including water rescue, sheltering and rehoming services in areas struck by disaster.

Humane Education

Respect for all living creatures is the message delivered to children and adults throughout the St. Louis metropolitan area. The curriculum is aligned with Missouri standards and is targeted toward underserved communities. Summer camps, fun activities and all programs are designed to promote empathy and kindness for all.

Animal Medical Center of Mid-America

Nationally accredited, the AMCMA provides veterinary services including comprehensive wellness services, diagnostics, surgery, dental, rehabilitation and spay/neuter procedures. Both of our centers include an Integrated Pain Management Center, complete with underwater treadmills to enhance healing. We strive to provide the best possible experience for patients and their families through individualized treatment plans, and all services are open to the public.

Our Mission

Since 1870, the Humane Society of Missouri has been dedicated to second chances.

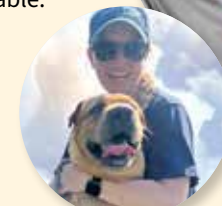

We provide a safe and caring haven to all animals in need—large and small—that have been abused, neglected or abandoned.

Our mission is to end the cycle of abuse and pet overpopulation through our rescue and investigation efforts, spay/neuter programs, and educational classes.

We are committed to creating lasting relationships between people and animals through our adoption and shelter training programs.

We further support that bond by making world-class veterinary care available.
